PS13 – SaftiFrame “VT” (Vertical Joint) profiles with two solid legs

Composite Safti-Strip/Framing for use in up to 2 hr rated wall to wall assemblies. Provides protection of vertical joints at wall intersection with "dissimilar" material (concrete or steel column/walls). Minimum G40 (25ga) and G60 (18ga and heavier) coating with two solid legs per UL listed assemblies in UL Fire Resistance Directory.
